2006-2008 STIP Amendment 06-06

Dear Mr. MacDonald:

The Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) received the June 27th letter from Ms. Stephanie Tax requesting approval of 2006-2008 STIP Amendment 06-06.

In accordance with 23 CFR 450.220, the FHWA and the FTA, based on the Certification of the statewide and metropolitan transportation planning processes for and within the State of Washington, hereby find that the projects described in 2006-2008 STIP Amendment 06-06 are based on a transportation planning process that substantially meets the requirement of 23 CFR Part 450 Subpart A, B and C, 49 U.S.C. Sections 5303-5305, and 23 U.S.C. Sections 134 and 135.

Further, we find that the TIP Amendments of PSRC, WVTC, YVCoG, and RTC are in conformance with the State Implementation Plan for reducing the severity and number of National Ambient Air Quality Standards (NAAQS) violations and insuring expeditious attainment of the standards. Therefore, the amendment submitted by Ms. Tax is approved.

Approval of the STIP and any amendments thereto are not to be construed as a Federal-aid eligibility determination. Each project must satisfy the specific requirements of the program from which Federal funds are solicited, as well as other Federal requirements, before Federal funds are authorized.

If you have any questions concerning our joint action on this STIP amendment, please contact Sid Stecker of FHWA at 360-753-9555 and/or Ned Conroy of FTA at 206-220-4318.
